Dear Mr. Scherer:

Reference is made to your letter of November 15, 1955
relating to correspondence from one _____

We have reviewed _____ letter with considerable care, and have concluded that he should not be encouraged to make direct contact with this Government regarding the problem he has raised. It is our view that _____ should make appropriate contacts with his own government in matters of this sort, just as we would expect American citizens to contact their own Government in a matter as sensitive as this one appears to be.

The members of my staff who have reviewed this correspondence have found it to be of considerable interest, and they are grateful to you for having forwarded it to us. In the event that you discuss this matter further with _____ I would appreciate it if you would merely state that the recommendation you have received came from United States Government sources, without any direct reference to CIA.

Attached hereto is _____ letter.

Sincerely,

IG:NSP/blc (5 Dec. 55)
